4.(g)(1) It is the right of each Subscriber in the Grantee's Franchise Area to receive all available services from the Grantee as long as the Subscriber's financial and other obligations to the Grantee are satisfied.

4.(g)(2) The Grantee shall ensure that all Subscribers receive continuous uninterrupted service. During any transition period the Grantee will continue to be obligated to comply with the terms and conditions of this Ordinance and all Applicable Laws and regulations.

5. System Facilities, Equipment, and Services

5.(a) Increased Channel Capacity.

Grantee will immediately retrofit the Cable System to the extent required so that the system shall carry a minimum of 66 programmed 6 Mhz channels to be available not later than January 1, 1998.

5.(b) Cable System Upgrade. For the purposes of this ordinance, "rebuild" shall be defined as those activities specified in Section 5(b), et seq. of this Ordinance. The Grantee's Cable System shall be rebuilt within 4 years from the date the Board issues the Certificate of Approval so that, at all times thereafter, the Cable System meets or exceeds the following requirements:

5.(b)(1) The Cable System shall have a rating of at least 750 Mhz on all active components and at least 1 Ghz for all passive components, and shall be activated for and carry at least 77 6-Mhz analog channels, downstream to all Subscribers. No portion of the Cable System shall have more than 10 active electronic components between the Cable System headend and any Subscriber's premises.

5.(b)(2) Grantee shall build a fiber node to serve the Ironbound area of the City by September 1, 1997; and build a fiber node to serve the Vailsburg area of the City by April 1, 1998. Additional fiberoptic nodes shall be integrated into the subscriber network to create adequate channel capacity at all subscriber locations to carry ethnic programming appropriate for each neighborhood served without displacing other channels carried system-wide.

January 7, 1998

5.(b)(3)Each optical transfer node site shall be located and designed to allow adequate space for several fiber receivers and transmitters, and standby power.

5.(b)(4)The Cable System shall be capable of continuous twenty-four (24) hour daily operation without severe material degradation of signal.

5.(b)(5)The Cable System shall be operated in such a manner as to avoid causing interference with the reception of over-the-air electro-magnetic signals at any location in the City.

5.(b)(6)There shall be no significant deterioration in the quality of any signal on the Cable System from the point of origin of a signal, wherever originated, through the headend; and from the headend to the point of reception. This requirement applies, without limitation, to all PEG Channels. "Deterioration" means any measurable signal change below the standards specified by the FCC, where applicable, or, the extent permitted by State law, by the City in other instances including, but not limited to, ghost images, signal interference, distortion, noise and signal error rate.

5.(b)(7)The master headend shall have adequate ventilation and space reserved such that the headend could provide at least 120-plus channels in full configuration and shall develop signals of high quality throughout the service area (including on channels retransmitting signals received from other locations and transmitted through the headend), and the headend shall have adequate ventilation and space to be able to meet or exceed applicable design and technical requirements and in order to reasonably accommodate equipment for the City.

5.(b)(8)The Grantee shall design the Cable System so that channel capacity may be readily expanded through digital video compression or similar appropriate technology without compromising service quality or requiring significant alterations, upgrading or reconstruction of the major rebuilt Cable System components.

5.(b)(9) The rebuilt Cable System will be two-way active upon completion of the rebuild.

5.(b)(10) To the extent permitted by State law, the Grantee shall provide the following:
All closed-caption programming retransmitted by the System shall include the closed-caption signal. Grantee shall provide a remote control device to those Subscribers who are mobility limited, or where a member of the Subscriber's household is mobility limited. For hearing impaired customers, the Grantee shall provide information concerning the cost and availability of equipment to facilitate the reception of all basic services for the hearing impaired.

5.(c) Status Monitoring. Franchisee shall provide Cable System status monitoring upon completion of the rebuild. At minimum, Franchisee shall provide equipment capable of monitoring the status of the signal quality, signal level, and back-up power supply conditions throughout the Cable System.

5.(d) System Design: Facilities and Equipment Used. At the time of the rebuild, the Grantee shall use equipment generally used in state-of-the-art Cable Systems rebuilt after 1996 in other cities comparable in population to the City. In addition, Grantee shall install equipment to retransmit in stereo those program signals provided to Grantee in stereo, including local broadcast signals. Grantee shall provide back-up power supplies to power all elements and services of the Cable System in the event of an electrical outage. Grantee shall: (a) provide continuous back-up power supplies at the headend; (b) provide at least two-hour back-up power supplies at the fiber nodes and at all active components; (c) shall start the back-up power supplies automatically upon failure of commercial utility AC power; (d) shall revert automatically to commercial power when it is restored; and (e) shall prevent the back-up power source from powering a dead utility line. Grantee shall also provide modulators, antennae, amplifiers, and other electronics that permit and are capable of passing through the signal received at the headend with minimal alteration or deterioration.

5.(d)(1) System Design: Construction Testing Requirements:

5.(d)(1)(i) To the extent permitted by State law, the Grantee shall perform preactivation quality control on all Cable System components and equipment. In the case of passive components, this will include testing to verify compliance with manufacturer's specifications. All trunk and distribution cable shall be inspected and sample tested to verify compliance with manufacturer's specifications for frequency response and structural loss. All trunk and distribution amplifiers shall be bench-tested. No component will be used in the Cable System which fails to meet manufacturer's specifications. The manufacturer's specifications should meet or exceed industry standards.

5.(d)(1)(ii) To the extent permitted by State law, the Grantee shall perform acceptance tests on each construction area segment prior to Subscriber connection. The tests must demonstrate that the Cable System components are operating as expected. The Grantee shall have the obligation, without further notice from City, to take corrective action if any segment is not operating as expected.

5.(e) System Design: Proof of Performance Tests. To the extent permitted by State law, the Grantee shall perform proof of performance tests designed to demonstrate compliance with this Ordinance, the Cable Law and FCC requirements. The Grantee shall provide the proof of performance test results promptly to the City upon request. The City shall have the right to require the Grantee to perform additional tests based on the City's investigation of Cable System performance or on Subscriber complaints.

5.(f) System Design: Emergency Alert System The Grantee shall install and thereafter maintain for use by the City an Emergency Alert System ("EAS"). This EAS shall be capable of remote activation by telephone by a representative of the City to override the audio and video on all channels on the Subscriber Network in the event of a civil emergency and for reasonable tests. The Grantee shall also provide a device to all hearing impaired Subscribers such as to alert the hearing-impaired that the EAS system is activated. The City will provide reasonable notice to the Grantee prior to any test use of the EAS. Grantee will publicize the availability of the EAS and devices described in this paragraph.

5.(g) System Design: I-Net.

5.(g)(1)Interim I-Net: Until the I-Net described in Section 5(g) is completed and made operational by Grantee, the City and authorized Users designated by the City shall have exclusive use, at no cost to the City or such authorized Users, of an interim I-Net. The interim I-Net shall provide dedicated downstream capacity over the existing subscriber network to up to 55 I-Net sites, and dedicated upstream capacity from up to five (5) designated I-Net origination sites to the Cable System headend.

The interim I-Net shall support video and data applications. The interim I-Net shall have at least two (2) channels and a minimum of 12 Mhz capacity in both directions. The frequency reserved for the interim I-Net shall be used exclusively by the City and shall not be used for other subscribers, commercial users, or any other users not designated by the City. The interim I-Net shall be activated in both directions within 90 days of the granting of the franchise.

The interim I-Net shall support the transmission of broadcast NTSC video that meets or exceeds Federal Communications Commission (FCC) standards to all User sites. Up to two (2) channels of video shall be broadcast over the subscriber network on dedicated downstream bandwidth. The interim I-Net shall support video origination from designated sites of up to two (2) channels on the dedicated upstream bandwidth. Interface equipment at the headend shall support the simultaneous retransmission of video from origination sites over the dedicated subscriber downstream channels. The Grantee shall provide video modulation equipment at the I-Net origination sites and the headend. The Grantee shall also provide video and audio scrambling and descrambling equipment at the headend, I-Net origination sites, and I-Net receive sites to prevent unauthorized viewing.

The interim I-Net channel capacity (2 channels of 6 Mhz in both directions) not in use for video transmission shall be available for data transmission. The interim I-Net shall support two-way data communications over the existing subscriber network to up to five (5) designated I-Net sites. Grantee will ensure that the dedicated upstream capacity on the subscriber network will support data transmission from the five locations. Grantee shall provide data modems and any required support equipment at designated User sites and corresponding units at the Cable System headend, including software and test equipment. The data modems shall be equipped with standard interfaces to allow

January 7, 1998

connection to hubbing and/or switching equipment at the headend. The data modems at the User sites shall provide interfaces to existing data applications. All data services shall be encrypted to prevent unauthorized access.

The Grantee shall provide a capital grant to the City equivalent to the amount the Grantee charges the city for the equipment. All transmission capacity dedicated to the City's use, all equipment supplied for use on the interim system, and the system as a whole, shall meet or exceed all FCC standards and any other technical standards required by federal or state law, including any such standards amended or adopted by the City in a manner consistent with federal and state law.

Grantee shall ensure that all equipment utilized on the interim I-Net is maintained so that it meets or exceeds the manufacturer's specifications.

5.(g)(2)Grantee shall, in coordination with the rebuild of the subscriber build and, thereafter, maintain and make available to the City the equipment and facilities required for the city and authorized users to make use of an Institutional Network ("I-Net") which will provide two-way transmission of video, data, and voice communications.

The I-Net shall consist of equipment and facilities sufficient to provide the functionality to authorized users of a dedicated fiber optic network with six (6) fibers to each I-Net site from the Cable System headend or mutually agreed upon interconnection point (I-Net headend). Cable for the I-Net shall be equivalent in functionality to single-mode fiber optic cable consistent with the characteristics used in the subscriber network. The Grantee may take advantage of the cost savings to install the I-Net fiber in a shared jacket from the Cable System headend to the Optical Service Node (OSN). The Grantee shall install cable with functionality equivalent to fiber optic cable from the OSN or other convenient interface point (splice point) to the User site. The cable shall be terminated using standard connectors designated by the City inside each User site in an area designated by the City. Upon City request for additional cable or fibers to be included in the cable sheaths to any I-Net sites, Grantee shall provide the additional fibers at the City's expense based on the Grantee's incremental cost.

January 7, 1998

The Grantee shall provide, at the I-Net headend, at each User site, and at those control points that the City may designate, transmission equipment with capability equivalent to equipment to light optical fibers and permit conversion from light waves to electrical waves and vice versa. The I-Net cable shall support the design of a digital network to provide data, video, and voice services. In addition, the I-Net will provide support for designated point-to-point analog applications, independent of the digital backbone Subscriber network. The digital transmission equipment shall be capable of supporting access at a minimum of 155 Mbps. The I-Net equipment shall be compliant with recognized technical transmission and encoding standards, such as SONET, ATM, and MPEG-2, and shall allow for interoperability with equipment from a variety of manufacturers. The I-Net shall have a high standard of reliability and survivability equivalent to dual fiber failsafe technology.

The I-Net will be dedicated to the exclusive use of the City and authorized users designated by the City, and information transmitted through the system will be managed and controlled by the City. The Grantee will set up a Central Management Facility at a location designated by the City where the City can monitor the I-Net and from which the City can control access to the I-Net and enable data circuits for specific transmissions. The use of the I-Net equipment and facilities by the City and authorized Users for the transmission of information, communications, or any other purpose shall be at no cost to the city or such authorized Users.

The I-Net will be interconnected, at no cost to the City, with other communications networks, both public and private, as the City may determine, for the transmission of video, data and voice services. The Grantee shall provide interfaces at the Cable System headend for simultaneous retransmission on the subscriber network PEG channels of video originated on the I-Net.

The I-Net shall be activated after completion of the Cable System rebuild at a time designated by the City. The system shall meet or exceed all Federal Communications Commission technical standards and any other applicable technical standards required by federal or state law, including any such standards necessary to support the City's use as amended or adopted by the City in a manner consistent with federal and state law.

5.(g)(3) Ownership: Grantee shall own the I-Net. Nevertheless, Grantee shall make the I-Net continuously available to the City and other authorized Users as long as Grantee is lawfully operating in the City. Further, Grantee shall make a capital grant to the City Equivalent to any charges for Grantee's costs for I-Net initial construction, operation, repair, maintenance or use by the City and other authorized Users levied on the City or authorized users by the Grantee. Grantee will ensure that all equipment utilized on the I-Net by such authorized Users is maintained so that it meets or exceeds the manufacturers' specifications.

5.(g)(4) Headend: The Grantee shall provide reasonable space at the Cable System headend, hubs, and optical and transfer nodes for switching, control and other equipment required for the utilization of the I-Net. The Grantee shall provide up to 30 square feet of the Cable System headend. The space must have adequate power, ventilation, and clearance to support communications equipment racks and must be easily accessible by the City and its contractors.

5.(g)(5) Site List: A list of the sites to which the City expects to direct Grantee to construct the I-Net is attached hereto as Appendix 1. The City may delete sites from the list and substitute new locations, and may add locations up to a total of 55 sites, and may direct the Grantee to construct the I-Net to such locations at no cost to the City.

5.(g)(6) Applications: The I-Net will be equivalent in functionality to a fiber optic network designed in accordance with City specifications and will be able to support (among other applications) two-way video, data and voice communications between designated buildings, distance learning applications, and transmission of PEG programming from origination points on the I-Net to the subscriber network.

5.(g)(7) Expansion Capacity: If the City wishes to use transmission capacity on the Grantee's Cable System beyond the City's and other qualified User's rights to free use under this Ordinance, the charges for such use shall be freely negotiated on terms and conditions equal to or more favorable to the City than those offered to any major commercial User by the Grantee.

6. Cable System Channels and Facilities for PEG Use.

6.(a) PEG Channels. The Grantee shall activate and make available free of charge PEG Channels on the Subscriber Network as specified in this Section 6.

6.(a)(1) Prior to the completion of the Cable System rebuild and at such time as the City requests in accordance with this paragraph, the Grantee shall provide four (4) PEG channels. Unless and until the City requests the fourth channel, Public Access and Government Access will share a single 6 Mhz analog video channel until the Cable System rebuild is completed. However, the City may request a fourth channel if the single channel shared by public access and government access is in use eighty percent (80%) of the time between the hours of 2 p.m. and 11 p.m. five, days per week for four (4) consecutive weeks, and at least twenty (20) hours of programming each week is original programming not previously shown on the Cable System. Upon request of the City, Grantee will make the fourth channel immediately available for use as the Government Access Channel.

6.(a)(2) Upon completion of the Cable System rebuild, the Grantee shall provide one channel each for local origination, public access, government access, and educational access on the Cable System throughout the remaining term of the Franchise. These channels shall be 6 Mhz each, and must be capable of transmitting a standard analog video signal. The operator may convert the analog PEG channels to digital format when all Subscribers have the necessary equipment to receive the channels, provided that a total of 18 Mhz of capacity shall remain available pursuant to this section for the City's use for PEG purposes as the City deems appropriate.

6.(a)(3) When the Cable System begins to carry digitally transmitted video channels, the Grantee shall make available additional digital PEG Channels equivalent to five (5) percent of the total number of channels activated on the Subscriber Network in the event all four analog PEG channels are utilized as set out in 6(a)(1) and shall provide to Subscribers the equipment required to receive the PEG digital Channels. Any digital PEG Channel provided shall have the same bandwidth and same transmission quality as the standard commercial digital channels on the Cable System.

6.(b) PEG Access Studio. Between six (6) and twelve (12) months after the issuance of the Certificate of Approval by the Board, Grantee will commence construction of a "sound-proof" local origination/public access studio at 360 Central Avenue, or other location in the City. The studio will be available to public access Users on a priority basis over other uses of the studio.

6.(c) Financial Support For PEG.

6.(c)(1) In the event that the City decides to appoint a non-profit entity to administer public access, Grantee will provide a capital grant to such non-profit of two hundred thousand dollars (\$200,000) each year. At Grantee's discretion, this grant may be used for operational support of public access. This payment shall be disbursed quarterly and shall be increased annually for inflation for the term of the Franchise. Such payments are not franchise fees and the payments will not be deducted from franchise fees due and payable under Grantee's Franchise; alternatively,

6.(c)(1)(i) In the event that the City decides, upon Grantee's request, that Grantee will administer public access itself, Grantee shall earmark two hundred thousand dollars (\$200,000) per year exclusively as a capital grant to support public access programming, which amount shall be subject to adjustment for inflation as set forth above. At Grantee's discretion, this grant may be used for operational support of public access. If Grantee accepts the obligation to administer public access, it will submit each year to the City, Grantee's annual budgets for public access for the City's review and prior approval.

6.(c)(1)(ii) In addition, Grantee shall carry weekly on the local origination channel at least one thirty-minute weekly program providing information and covering activities in the City of Newark.

6.(c)(1)(iii) Grantee, or any other entity administering public access shall report to the City of Newark's Public Access Advisory Board ("Advisory Board"). The Advisory Board is responsible for oversight and evaluation of public access. The Advisory Board will annually evaluate the performance of the entity administering public access based upon reports and information from such

January 7, 1998

entity and the public. At least twice per year, the Advisory Board shall convene a public hearing to gather information to use in its evaluation.

The Advisory Board will present its findings and recommendations to the City Council at least annually, and more frequently as the Board determines is appropriate. The City reserves the right to remove Grantee, or any other duly appointed non-profit entity, as administrator of the City's public access programming, and to appoint a new administrator.

6.(c)(2) Grantee shall pay the City a capital grant of two hundred thousand dollars (\$200,000) each year to replace equipment related to the Government Access Channel. At Grantee's discretion, this grant may be designated to support operations of the Government Access Channel. Such payment shall be disbursed quarterly and shall be increased annually for inflation for the term of the Franchise. Such payments are not franchise fees and will not be deducted from the franchise fees due an payable under Grantee's Franchise.

6.(c)(3) The inflation adjustments required under Sections 6.(d)(1) and 6.(d)(2) shall be based on the quarterly inflation factor specified by the FCC under its rate regulation rules. In the event the FCC ceases to regulate cable rates, the United States Department of Commerce Consumer Price Index will be used. All payments shall be due the first day of each calendar quarter.

6.(d) Other PEG Use.

6.(d)(1) Grantee shall establish an aggressive outreach and training program in connection with public access. Additionally, Grantee shall have a continuing obligation to provide adequate playback, training, outreach, administrative support and production assistance to access Users, in accordance with community needs as reasonably ascertained by the City.

6.(d)(2) Grantee shall establish a program to train City personnel in the use of video production equipment and technical skills. Grantee will submit an outline of the training program to the City for its review and approval. The training program will begin on a date designated by the City.

January 7, 1998

6.(d)(3) At the City's request, Grantee will consult with the City during the City's efforts to renovate and equip Symphony Hall for use as a government access studio. Grantee shall provide the City with a fully functioning studio at the Symphony Hall site as described in Appendix 2. Nothing in this Section shall be deemed to be a payment that constitutes a franchise fee under 47 U.S.C. § 542.

6.(d)(4) Grantee shall have on staff during the term of its Franchise, a minimum of 12 full-time PEG producers. Grantee shall not reduce the number or alter the mix of such producers without the prior written consent of the City. If the Grantee administers public access, Grantee shall have on staff a minimum of 6 full-time producers who will be solely committed to public access operation and training and will have no other local origination responsibility.

6.(d)(5) The City may co-locate I-Net and PEG access equipment as reasonably necessary in Grantee's buildings and structures. Grantee may, at its option, provide for placement of the equipment in its buildings in convenient areas solely for City use discrete from Grantee's equipment.

6.(e) **Costs Not Franchise.** Any cost to the Grantee associated with capital requirements for PEG Use required under this Ordinance (including the provision of the I-Net and support therefor) and payments made to third parties other than the City, if any, are not franchise fees, and fall within one or more of the exceptions in 47 U.S.C. § 542.

7. Consumer Protection Provisions

7.(a) **General Provisions.** Grantee must satisfy the consumer protection provisions set forth in the Administrative Code and those that are established by the City from time to time. In addition, Grantee shall at all times satisfy any additional or stricter requirements established pursuant to Applicable Law including, without limitation, FCC customer service standards and consumer protection laws.

7.(b) **Telephone and Office Availability**

January 7, 1998

7.(b)(1)Grantee shall maintain its office within the City limits throughout the term of its Franchise, for the purpose of receiving, investigating and resolving any problems that the subscriber may encounter regarding billing, equipment malfunctions, quality of service and other similar matters, pursuant to Section 48:5A-26(d) of the Administrative Code. In the event Grantee decides to change the location of its office from 360 Central Avenue Grantee shall provide at least sixty (60) days notice to its Subscribers and the City pursuant to Section 14:18-5.1(c) of the Administrative Code. Such notice to Subscribers may be printed on Subscriber bills.

7.(b)(2)The Grantee's office shall be open for walk-in traffic at least eight hours per day Monday through Saturday (except legal holidays) to allow Subscribers to request service, pay bills, and conduct other normal business. To the extent permitted by State law, the Grantee shall perform service calls, installations, and disconnects during normal business hours Monday through Saturday, except legal holidays, provided that Grantee shall respond to outages twenty-four (24) hours a day, seven (7) days a week. To the extent permitted by State law, the Grantee shall establish a publicly listed local toll-free telephone number. The phone must be answered by customer service representatives or agents of the Grantee 24 hours per day, except legal holidays, for the purpose of receiving requests for service, inquiries, and complaints from Subscribers. Phones shall be answered in accordance with Section 7(b)(3).

7.(b)(3)To extent permitted by State law, the telephone answering time shall not exceed thirty (30) seconds or four (4) rings, and the time to transfer the call to a customer service representative (including hold time) shall not exceed an additional thirty (30) seconds. Under normal operating conditions, this standard shall be met ninety-nine percent (99%) of the time, measured quarterly. Under normal operating conditions customers will receive a busy signal less than three percent (3%) of the time. When the business office is closed on legal holidays, an answering service capable of receiving and recording service complaints and inquiries shall be employed. The answering service shall comply with the same telephone answering time standard set forth in this Section 7(b)(3).

7.(c) Scheduling Work.

January 7, 1998

7.(c)(1) To the extent permitted by State law, all appointments for service, installation, or disconnection shall be specified by date. Grantee shall specify a specific time at which the work shall be done, or offer a choice of time blocks, which shall not exceed four (4) hours in length. Grantee may also, upon request, schedule service installation calls outside normal business hours, for the express convenience of the customer. If at any time an installer or technician anticipates being late for an appointment and believes it will not be able to make a scheduled appointment time, an attempt to contact the customer will be made prior to the time of appointment and the appointment rescheduled at a time convenient to the customer, if rescheduling is necessary. It is the Grantee's burden to prove that it kept the appointment.

7.(c)(2) To the extent permitted by State law, the Grantee shall offer and fully describe to Subscribers who have experienced a missed appointment (where the missed appointment was not the Subscriber's fault) that the Subscriber may choose between the following options: (a) installation free of charge, if the appointment was for installation for which a fee was to be charged; or (b) if an installation was to have been provided free of charge, or for other appointments such as service connection or repair, the Subscriber shall receive two (2) months of the most widely subscribed-to service tier free of charge.

7.(c)(3) Upon request of a disabled or handicapped Subscriber, Grantee shall arrange for pickup and/or replacement of converters or other Grantee equipment at the Subscriber's address or by a satisfactory equivalent (such as the provision of a postage-prepaid mailer).

7.(c)(4) To the extent permitted by State law, the City requires that under normal operating conditions, requests for service, repair or maintenance must be acknowledged by a trained customer service representative within twenty-four (24) hours, or prior to the end of the next business day, whichever is earlier. Grantee shall respond to all other inquiries (including billing inquiries) within three (3) business days of the inquiry or complaint.

7.(c)(5) To the extent permitted by State law, the City requires that under normal operating conditions, repairs and maintenance for outages or service interruptions must be completed within

January 7, 1998

twenty-four (24) hours after the outage or interruption becomes known to Grantee where the Grantee has adequate access to facilities to which it must have access in order to remedy the problem. Under normal operating conditions, work to correct all other service problems must be begun by the next business day after notification of the service problem, and must be completed within five (5) business days from the date of the initial request. When normal operating conditions do not exist, Grantee shall complete the work in the shortest time possible.

7.(c)(6) To the extent permitted by State law, the Grantee shall not cancel a service or installation appointment with a customer after the close of business on the business day preceding the scheduled appointment.

7.(c)(7) To the extent permitted by State law, under normal operating conditions, the standards of paragraphs (c)(4) and (c)(5) of this section shall be met at least ninety-nine percent (99%) of the time, measured on a quarterly basis.

7.(c)(8) To the extent permitted by State law, the City requires that under normal operating conditions, the installation times for requests for additional outlets, service upgrades or other connections (e.g., DMX, VCR, A/B switch) separate from the initial installation will be performed within seven (7) business days after an order has been placed. This installation time standard will be met no less than ninety-nine percent (99%) of the time measured on a quarterly basis.

7.(d) Notice to Subscribers.

7.(d)(1) To the extent permitted by State law, Grantee shall provide each Subscriber at the time service is installed, clear and accurate written information: (i) on placing a service call, filing a complaint, or requesting an adjustment (including when a Subscriber is entitled to refunds for outages and how to obtain them); (ii) showing the telephone number of the State Board of Public Utilities and of the City of Newark Cable Television Monitoring Office; (iii) providing a schedule of rates and charges, channel positions, services provided, a copy of the service contract, delinquent Subscriber disconnect and reconnect procedures; (iv) notifying Subscribers of the availability of parental control

January 7, 1998

devices; and (v) describing any other of the Grantee's policies in connection with its Subscribers. Thereafter, the same information shall be provided to the Subscriber in accordance with Section 14:18-3.18 of the Administrative Code. Copies of the notices provided to the Subscribers shall be provided to the City upon request. Grantee shall provide the Office of the City Clerk and all Subscribers at least five (5) days notice of any significant changes in the information required to be provided under this section (d)(1). Such notice shall be made in writing.

7.(d)(2) To the extent permitted by State law, all written Grantee promotional materials, announcements, and advertising of residential Cable Service to Subscribers and to the general public, where price information is listed in any manner, shall clearly and accurately disclose price terms. In the case of telephone orders, Grantee shall take appropriate steps to ensure that price terms are clearly and accurately disclosed to potential customers in advance of taking the order.

7.(d)(3) To the extent permitted by State law, Grantee shall maintain a file open for public inspection containing all notices provided to Subscribers under these customer service standards, as well as all promotional offers made to Subscribers. The notices and offers shall be kept in the file for at least one year from the date of such notice or promotional offer.

7.(e) **Interruptions of Service.** To the extent permitted by State law, Grantee shall provide at least forty-eight (48) hours prior notice to Subscribers and to the City before interrupting service for planned maintenance or construction; provided, however, that planned maintenance that does not require more than two (2) hours' interruption of service and that occurs between the hours of 12:00 midnight and 6:00 a.m. shall require only notice in accordance with Section 14:18-3.22 of the Administrative Code.

7.(f) **Billing** Grantee's bills for service, the form of the bill, the method of billing, the due date of payment and notice of discontinuance shall conform with Sections 14:18-3.7 - 3.9 of the Administrative Code.

7.(f)(1) Credits to Subscribers for outages, determined in accordance with Section 14.18-3.5 of the Administrative Code, shall be issued no later than (i) the earlier of the Subscriber's next billing cycle following resolution of the refund request, or thirty (30) days; or (ii) the date of return of all equipment to Grantee, if cable service has been terminated.

7.(f)(2) Credits for cable service shall be issued no later than the Subscriber's next billing cycle after the determination that the credit is warranted.

7.(g) Disconnection/Downgrades To the extent permitted by State law, the Grantee shall comply with the following:

7.(g)(1) A Subscriber may terminate service at any time.

7.(g)(2) Grantee shall promptly disconnect from the Subscriber Network or downgrade any Subscriber who so requests. No period of notice prior to voluntary termination or downgrade of Cable Service may be required of Subscribers by Grantee. No charge may be imposed for any voluntary disconnection, and downgrade charges must comply with the requirements of Applicable Law; provided that, in connection with bona fide promotional offers, disconnects and downgrades of Cable Service shall be in accordance with Section 14.18-3.15 of the Administrative Code.

7.(g)(3) Any security deposit and/or other funds due a Subscriber that disconnects or downgrades service shall be returned to the Subscriber within thirty (30) days or in the next billing cycle, whichever is later, from the date disconnection or downgrade was requested except in cases where the Subscriber does not permit the Grantee to recover its equipment, in which case the amounts owed shall be paid to Subscribers within 30 days of the date the equipment is recovered, or in the next billing cycle, whichever is later.

7.(h) Parental Control.

January 7, 1998

To the extent permitted by State law, the Grantee must provide parental control devices to all Subscribers who request them. The devices must enable the Subscriber to block the video and audio portion of any channel or channels of programming.

8. Franchise Fee.

8.(a) Amount of Franchise Fee. Grantee shall pay to the City a franchise fee in an amount equal to two percent (2%) of the Grantee's Gross Revenues as compensation for its use of the Public Rights-of-Way.

8.(b) Payment of Franchise. Grantee shall pay the franchise fee due to the City on a yearly basis. Payment for each year shall be made on or before the 25th day of January each year pursuant to Section 48:5A-30(a).

9. Insurance; Surety; Indemnification.

9.(a) Insurance Required. Throughout the entire term of the Franchise, Grantee shall maintain at least the following liability insurance coverage insuring both the City and the Grantee:

9.(a)(1) Comprehensive General and Automobile Liability: General and automobile liability insurance protecting Grantee in an amount of not less than \$5,000,000 combined single limit per occurrence, including bodily injury and property damage, as a combined single unit limit or equivalent. Such insurance shall name the City as an additional insured. "Claims-made" policies are not acceptable. When an umbrella or excess coverage policy is in effect, it must follow the form of the underlying coverage;

9.(a)(2) Workers Compensation Insurance. Statutory workers compensation and employers liability insurance shall be supplied in amounts required under applicable state law but not less than \$100,000; and

9.(a)(3)Professional Liability Insurance (Errors and Omissions). Professional liability insurance covering any loss arising out of or related in any manner to the errors, omissions, or negligent acts of Grantee, its employees, agents, architects, engineers, and/or individual contractors in a minimum amount of \$1,000,000.

The City may review these amounts no more than once a year and may require reasonable adjustments to them consistent with the public interest, and after affording the Grantee notice and a reasonable opportunity for comment.

9.(b) Certificates of Insurance with Endorsements.

9.(b)(1)Each insurance policy shall bear the following endorsement:

"This policy may not be canceled, reduced, or allowed to lapse, until thirty (30) days after receipt by the City, by certified mail, return receipt requested, of a written notice from the issuer of the policy of its intent to cancel or not to renew."

9.(b)(2)Grantee shall file with the City certificates of insurance with the requisite endorsements or alternative proof that Grantee and the City are provided the required coverages by the insurer, which materials shall be subject to the review and approval of the City, and which shall clearly state:

9.(b)(2)(i) The policy number; name of insurance company; name, and address of the insurers; policy expiration date; and specific coverage amounts;

9.(b)(2)(ii) That any cancellation or reduction in coverage shall not be effective unless thirty (30) days' prior written notice thereof has been given to the City, and

9.(b)(2)(iii) That the coverage provided by the policy is primary.

9.(b)(3) Grantee shall not cancel any required insurance policy without submission of proof that Grantee has obtained alternative insurance satisfactory to the City in accordance with the provisions and requirements of the Cable Law including but not limited to N.J.S.A. 48:5A-28 and Section 14:18-8.1 of the Administrative Code.

9.(c) Deductibles, Self-Insured Retentions and Proof of Insurance. Any deductibles and self-insured retentions must be in conformity with the provisions and requirements of the Cable Law, including but not limited to N.J.S.A 48:5A-28 and Section 14:18-81 of the Administrative Code.

9.(d) Qualifications of Sureties. All surety bonds shall be with sureties qualified to do business in the State of New Jersey, with a B+IX or better in such form as permitted under the Cable Law.

9.(e) Policies Available for Review. Notwithstanding the provision of the certificates of insurance, all insurance policies shall be available for review by the City upon request.

9.(f) Failure Constitutes Material Violation. Failure to comply with the insurance requirements set forth in this Section shall constitute a material violation of a this Ordinance.

9.(g) Indemnification.

9.(g)(1) To the extent permitted by Applicable Law, the Grantee shall, at its sole cost and expense, indemnify, hold harmless, and defend the City, its officials, boards, commissions, commissioners, agents, and employees, against any and all claims, suits, causes of action, proceedings, and judgments for damages or equitable relief arising out of the construction, maintenance, or operation of its Cable System and/or I-Net; arising out of copyright infringements or a failure by the Grantee to secure consents from the owners, authorized distributors, or franchisees of programs to be delivered by the Cable System; arising out of the conduct of the Grantee's business in

the City; or in any way arising out of the Grantee's enjoyment or exercise of the Franchise granted hereunder, regardless of whether the act or omission complained of is authorized, allowed, or prohibited by Applicable Law, except in cases where liability is (i) solely caused by the gross negligence of the person or persons covered by the indemnity; or (ii) results from voice, video or data, contributed or produced and/or transmitted by the City over the Cable System or I-Net. This section shall not be construed as providing indemnification resulting in any claims, suits, cause of action, proceedings and judgments for damages or equitable relief arising out of or related to Grantors' use of the I-Net including but not limited to claims for consequential damages.

9.(g)(2) Without limiting the effect of Section 9.(g)(1), the Grantee shall, at its sole cost and expense, fully indemnify, defend, and hold harmless the City, and in its capacity as such, the officers, agents, and employees thereof, from and against any and all claims, suits, actions, liability, and judgments for damages or otherwise subject to Section 638 of the Cable Act, 47 U.S.C. § 558, arising out of or alleged to arise out of the installation, construction, operation, or maintenance of Grantee's Cable System, including but not limited to any claim against the City or Grantee for invasion of the right of privacy, defamation of any Person, or the violation or infringement of any copyright, trade mark, trade name, service mark, or patent, or of any other right of any Person. This indemnity does not apply to electronic information or programming carried on any PEG Channel, the I-Net, or channels leased pursuant to 47 U.S.C. § 532, except for programming contributed or produced by the Grantee.

9.(g)(3) The City shall notify the Grantee in writing of any matter subject to the indemnity in which the Grantee is not a named defendant or plaintiff. The Grantee shall employ competent counsel, reasonably acceptable to the Corporation Counsel and the indemnity provision includes, but is not limited to, reimbursement to the City for any reasonable attorneys' fees it may separately incur, in addition to the foregoing in defending against any such claim, suit, or proceeding if there is a conflict between the City's and Grantee's interests with respect to such claim, suit or proceeding.

10. Performance Guarantees and Remedies.

10.(a) Performance Bond.

During the life of the franchise the Grantee shall give a bond to the City, pursuant to N.J.S.A. 48:5A-28(d), which bond shall be in the amount of \$ 2.4 million. Upon completion of the upgrade, and the mutual satisfaction of the Grantee and the City, the bond shall be reduced to \$25,000.00. Such bond shall be to insure the faithful performance of all undertakings of the company as represented in its application and incorporated herein.

10.(b) Failure Constitutes Material Violation.

Failure to maintain the performance bond shall constitute a material violation of this Ordinance.

10.(c) Remedies Cumulative. All remedies under this Ordinance are cumulative unless otherwise expressly stated. The exercise of one remedy shall not foreclose use of another, nor shall the exercise of a remedy relieve the Grantee of its obligations to comply with this Ordinance. Remedies may be used singly or in combination.

10.(d) Relation to Insurance and Indemnity Requirements. Recovery by the City of any amounts under insurance, the performance bond, or otherwise does not limit the Grantee's duty to indemnify the City in any way; nor shall such recovery relieve the Grantee of its obligations under this Ordinance, limit the amounts owed to the City, or in any respect prevent the City from exercising any other right or remedy it may have.

11. No Evasion.

The Grantee shall not take any action to evade any provision of this Ordinance. This provision shall be read to prohibit, among other things, the Grantee requiring any Subscriber to waive any right (including but not limited to privacy rights) as a condition of obtaining service.

12. Rights of Individuals Protected

12.(a) Discriminatory Practices Prohibited.

12.(a)(1) Grantee shall not deny service, deny access, or otherwise discriminate against Subscribers, programmers, or residents of the City on the basis of race, color, creed, national origin, sex, age, conditions of physical handicap, religion, ethnic background, marital status, or sexual orientation.

12.(a)(2) Grantee shall not discriminate among Persons or the City or take any retaliatory action against a Person or the City because of that entity's exercise of any right it may have under federal, state, or local law, nor may the Grantee require a Person or the City to waive such rights as a condition of taking service.

12.(a)(3) Grantee shall not deny access or levy different rates and charges on any group of potential residential cable Subscribers because of the income of the residents of the local area in which such group resides.

12.(a)(4) Except to the extent the City may not enforce such a requirement, Grantee is prohibited from discriminating in its rates or charges or from granting undue preferences to any Subscriber, potential Subscriber, or group of Subscribers or potential Subscribers; provided, however, that Grantee may offer temporary, bona fide promotional discounts in order to attract or maintain Subscribers, so long as such discounts are offered on a non-discriminatory basis to similar classes of Subscribers throughout the Franchise Area; and Grantee may offer discounts for the elderly, the disabled, or the economically disadvantaged; and such other discounts as it is expressly entitled to provide under federal law, if such discounts are applied in a uniform and consistent manner. Grantee

January 7, 1998

shall comply at all times with all applicable federal, state, and City laws, and all executive and administrative orders relating to non-discrimination.

12.(b) Equal Employment Opportunity. Grantee shall not refuse to employ, discharge from employment, or discriminate against any Person in compensation or in terms, conditions, or privileges of employment because of race, color, creed, national origin, sex, age, conditions of physical handicap, religion, ethnic background, marital status, or sexual orientation. Grantee shall comply with all federal, state, and local laws and regulations governing equal employment opportunities, as the same may be from time to time amended.

12.(c) Subscriber Privacy.

12.(c)(1) To the extent permitted by State law, the Grantee shall at all times protect the privacy of all Subscribers pursuant to the provisions of Section 631 of the Cable Act, 47 U.S.C. § 551. Grantee shall not condition Subscriber service on the Subscriber's grant of permission to disclose information which, pursuant to federal or state law, cannot be disclosed without the Subscriber's explicit consent.

12.(c)(2) Neither Grantee nor its agents or employees shall, without the prior and specific written authorization of the Subscriber involved, sell or otherwise make available for commercial purposes the names, addresses, or telephone numbers of any Subscriber or Subscribers, or any information that identifies the individual viewing habits of any Subscriber or Subscribers, except as permitted by state or federal law.

13. Rates.

To the extent permitted by State law, the Grantee shall establish and maintain rates for basic service and equipment in accordance with FCC regulations or as required by state and local ordinances. The City reserves all rights to implement and impose regulation of Grantee's rates and charges to the maximum extent permitted by law, and may do so by amendment to this Ordinance, by separate ordinance, by amendment to a Franchise Agreement, or in any other lawful manner.

14. Designation of Complaint Officer. The Office of the City Clerk is hereby designated as the Complaint Officer, in accordance with Section 48:5A-26 of the Cable Law.

15. Miscellaneous

15.(a) Compliance With Laws. Grantee shall comply with all Applicable Laws heretofore and hereafter adopted or established during the entire term of its Franchise.

15.(b) Captions. The captions to sections throughout this Ordinance are intended solely to facilitate reading and reference to the sections and provisions of this Ordinance. Such captions shall not affect the meaning or interpretation of this Ordinance.

15.(c) No Recourse Against the City. Without limiting such immunities as the City or other Persons may have under Applicable Law, Grantee shall have no monetary recourse whatsoever against the City or its officials, boards, commissions, agents or employees for any loss, costs, expense or damage arising out of any provision or requirement of this Ordinance or because of the enforcement of this Ordinance or the City's exercise of its authority pursuant to this Ordinance or other Applicable Law, unless the same shall be caused by criminal acts or by willful or gross negligence.

15.(d) Connections to Cable System; Use of Antennae.

15.(d)(1) Subscribers shall have the right to attach devices to Grantee's System to allow them to transmit signals or services for which they have paid to video cassette recorders, receivers, and other terminal equipment. Subscribers also shall have the right to use their own remote control devices and converters, and other similar equipment, to receive services for which they have paid except that Grantee may control access and use of converters intended to descramble or otherwise secure optional programming, and Grantee shall provide information to consumers which will allow them to adjust such devices so that they may be used with the Grantee's System.

15.(d)(2) Grantee shall not, as a condition of providing service, require a Subscriber or potential Subscriber to remove any existing antenna, or disconnect an antenna except at the express direction of the Subscriber or potential Subscriber, or prohibit or discourage a Subscriber from installing an antenna switch, provided that such equipment and installations are consistent with Applicable Law.

January 7, 1998

15.(e) Calculation of Time. Unless otherwise indicated, when the performance or doing of any act, duty, matter, or payment is required under this Ordinance, and a period of time or duration for the fulfillment of doing thereof is prescribed and is fixed herein, the time shall be computed so as to exclude the first and include the last day of the prescribed or fixed period of duration time.

15.(f) Severability. If any term, condition, or provision of this Ordinance shall, to any extent, be held to be invalid or unenforceable, the remainder hereof shall be valid in all other respects and continue to be effective; provided, however, that if such invalidation is material to this municipal consent ordinance, the parties shall negotiate in good faith to reconstitute the municipal consent ordinance in a form that is, to the maximum extent possible, consistent with the original intent of the Grantee and the City. In the event of a subsequent change in Applicable Law so that the provision which had been held invalid is no longer invalid, said provision shall thereupon return to full force and effect without further action by the City and shall thereafter be binding on the Grantee and the City.

15.(g) Waiver. The City and the Grantee agree and waive any past, present or future claim to the contrary, that all of the promises and obligations in this municipal consent ordinance are lawful and enforceable under law as of the date of signing of said ordinance.

16. Incorporation of the Application: All of the commitments and statements contained in the application and any amendment thereto submitted in writing to the City by the Grantee except as modified herein, are binding upon the Grantee as terms and conditions of this consent. The application and any other relevant writings submitted by the company shall be annexed hereto and made a part hereof by reference as long as they do not conflict with state or federal law.

17. This ordinance shall take effect upon final passage and publication in accordance with the laws of the State of New Jersey.

Statement

Passage of this ordinance will renew the franchise agreement between the City of Newark and Cablevision of Newark to operate a Cable Television System in the City of Newark.

President Bradley called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and defer action on the ordinance on second reading and final passage was made by Council Member Tucker, seconded by Council Member Rice.

Council Member Carrino, through the Chair, directed the City Clerk to formally give Cablevision 2 weeks to answer the report and to negotiate figures.

Council Member Tucker requested the City Clerk read into the record the letter from Cablevision.

The City Clerk read the following letter from Mr. Don Viapree, Assistant General Manager, Cablevision:

December 29, 1997

Robert Marasco, City Clerk
City of Newark
920 Broad St.
Newark, NJ 07102

Dear Mr. Marasco:

In light of the holidays and the December 24th receipt of the City's engineering report, I am respectfully requesting that matter of Cablevision of Newark's franchise be deferred at the January 7th Council meeting.

Currently, it does not afford us sufficient time to properly review and respond to the issue of the Institutional Network.

Cablevision is eager to resolve this matter, and any remaining issues to bring closure to the franchise process. We are confident that we can arrive at a mutual arrangement that will help to satisfy the needs of the City.

We hope to invest considerable resources that will enable us to serve our customers better into the 21st century.

Sincerely,

A handwritten signature in dark ink, appearing to read "Don Viapree". The signature is written in a cursive, flowing style.

Don Viapree
Assistant General Manager

3. The annual payments in lieu of taxation on the qualified residential property identified in the application shall be paid quarterly, together with, and on the same due dates as the taxes assessed upon the land for said premises.

4. Nothing herein shall impliedly or otherwise, relieve said property owner from the obligation to comply with and conform to all applicable statutes, municipal ordinances, and the lawful regulations, made pursuant thereto, governing land, building(s) and the use thereof.

5. The tax abatement hereby granted shall be in effect for a period of not more than five (5) years commencing from the date of the issuance of a certificate of occupancy and expiring five (5) years thereafter, unless terminated sooner pursuant to the requirements of the Agreement. The Municipal Council ratifies the granting of the tax abatement for the period from the date of issuance of the certificate of occupancy, as more specifically identified in the attached application, to the date of adoption of this Ordinance.

This unit is #14 of approximately 1,204 square feet with a total project cost of \$44,900.00 as certified to by a Licensed Architect. During the life of the tax abatement, any constructional changes and/or improvements to the interior and/or exterior of the residential structure inconsistent with the original application, certificate of occupancy and architect's certification must be presented to and approved by the Municipal Council for the City of Newark prior to initiating same. The property owner is responsible for filing the formal, written application with the City of Newark, Office of Tax Assessor, detailing all proposed constructional changes and/or improvements and identifying all amendments to and/or effects upon the terms and conditions of the tax abatement Agreement between the property owner and the City of Newark, consistent with Addendum "A" of the Financial Agreement.

7. The Mayor, on behalf of the City of Newark, is hereby authorized to execute and the City Clerk, to attest and affix the seal of the City of Newark to the aforementioned Agreement for tax abatement. 8. The herein identified residential property shall be subject to the total tax levy and administrative fee as more fully set forth in the Financial Agreement.

9. The applicant/owner is required to pay all outstanding taxes and/or water and sewer charges prior to the execution of the Financial Agreement.

10. The applicant/owner of the subject residential property must submit sufficient proof of residency to the Manager, Division of Tax Abatement and Special Taxes, within twenty (20) days of final passage of this Ordinance.

11. The approval of this Tax Abatement is conditioned upon the receipt by the Office of Corporation Counsel of a favorable certification from both the Department of Engineering and the Central Planning Board. An unfavorable certification issued by either Department will cause the tax abatement to be automatically recinded.

12. The Tax Assessor, Tax Collector, and Manager of the Division of Tax Abatement and Special Taxes are hereby authorized to take any and all necessary action to implement the provisions of this Ordinance.

13. The property shall be subject to inspection by the Department of Engineering and in the event any violations of the municipal ordinances, regulations and safety codes are found to exist, the Financial Agreement shall be rescinded ab initio.

5. The tax abatement hereby granted shall be in effect for a period of not more than five (5) years commencing from the date of the issuance of a Certificate of Occupancy and expiring five (5) years thereafter, unless terminated sooner pursuant to the requirements of the Agreement. WHEREAS, the Underwriter will enter into the Bond Purchase Agreement only upon the authorization, execution and delivery by the City of (i) a "Letter of Representations" relating to the City's ability to authorize, execute or acknowledge and deliver the applicable Amending Financing Documents and to effect the consummation of the transactions contemplated hereby and thereby and, (ii) a "Tax Letter of Representations" in order to enable bond counsel of the Authority, if necessary, to issue an opinion stating that the tax status on the Tax-exempt Initial Bonds and the AMT Initial Bonds remain unchanged, notwithstanding the change of the Original Initial Project to the Initial Project (collectively, the "Letters").

WHEREAS, because the Authority, the County and the City have agreed to change the location of the baseball facility away from Riverbank Park, there is no longer a need for the Authority to ground lease Riverbank Park from the County pursuant to the terms of that certain "Ground Lease Agreement (Sportsplex Project)" dated as of July 1, 1997 (the "Ground Lease") by the County, as lessor, and the Authority, as lessee;

WHEREAS, in order to provide for the revised lease payment schedules due to the issuance of the Series 1998 Bonds and to amend the site location for the Stadium Project, the Authority will execute amendments to be dated as of the first day of the month of issuance of the Series 1998 Bonds to (i) that certain "Lease Purchase Agreement (Sportsplex Project)" dated as of July 1, 1997 (the "Original County Lease") between the Authority, as lessor, and the County, as lessee ("Amendment No. 1 to County Lease") and (ii) that certain "Lease Agreement (Sportsplex Project)" dated as of July 1, 1997 (the "Original City Lease") between the Authority, as lessor, and the City, as lessee ("Amendment No. 1 to City Lease");

WHEREAS, because the location of the Stadium is changing after the issuance of those Initial Bonds designated as AMT Initial Bonds (i.e., the Series B Bonds and Series F Bonds as such terms are defined in the Bond Resolution), the Authority may need to inform and/or receive the consent of the State Treasurer, the provider of volume cap for the AMT Initial Bonds, and/or the Internal Revenue Service, which promulgated the original rules for holding a TEFRA style hearing in accordance with the Internal Revenue Code of 1986, as amended (the "Code"), in order to preserve the tax status of the AMT Initial Bonds;

WHEREAS, because the Original Initial Project has been changed to the Initial Project as contemplated above and in order to preserve the Grant as partial security for those Initial Bonds designated as State Initial Bonds (i.e., the Series C Bonds and Series G Bonds as such terms are defined in the Bond Resolution), the Authority may need to inform and/or receive the consent of the New Jersey Economic Development Authority ("EDA"), the initial provider of the Grant under that certain "Economic Recovery Funds Grant Agreement" dated July 17, 1997 (the "Original Grant Agreement") between the Authority and the EDA through the execution of that certain "Amendment No. 1 to Economic Recovery Funds Grant Agreement" to be dated as of the first day of the month of issuance of the Series 1998 Bonds ("Amendment No. 1 to Grant Agreement") between the Authority and the EDA;

WHEREAS, the Revenues derived from the operation of the Stadium Project as defined under that certain "Service Agreement" dated June 18, 1996 between the Authority and the County, as amended by Amendment #1 dated July 17, 1997 (collectively, the "Original County Service Agreement"), which Revenues don't secure the County Guaranteed Initial Bonds, will similarly be excepted from the pledge securing the Series 1998D2 Bonds as set forth in that certain "Amendment #2 to County Service Agreement" to be dated as of the first day of the month of issuance of the Series 1998 Bonds ("Amendment No. 2 to County Service Agreement") between the Authority and the County;

WHEREAS, the Revenues derived from the operation of the Stadium Project as defined under that certain "Service Agreement" dated June 18, 1996 between the Authority and the City (the "Original City Service Agreement"), which Revenues don't secure the City Guaranteed Initial Bonds, will similarly be excepted from the pledge securing the Series 1998H2 Bonds

POLICE DEPARTMENT ADMINISTRATIVE SUBMISSION NEWARK, N.J.

**TO: DAVID DZIBELA, DEPUTY CHIEF
 COMMANDING THE FIELD OPERATIONS BUREAU
FROM: NICHOLAS DELLA VALLE, CAPTAIN
 COMMANDING THE NORTH DISTRICT STATION
SUBJECT: STREET VACATION-DIRECTOR'S MEMO, 97-736**

DATE: MAY 28, 1998

FILE REF: H20-14-3

SIR:

**ENCLOSED IS DIRECTOR'S MEMORANDUM 97-736, AND REPORTS
RELATED TO THE PROPOSED VACATION OF GRAFTON AVENUE THE FROM
ERIE LACKAWANNA RAILROAD TO ROUTE 21. THE HOUSING AUTHORITY IS PLANNING
TO BUILD 380 TOWNHOUSE UNITS ON THE SITE AND THE STREET VACATION IS
NECESSARY TO CONSOLIDATE THE NORTH AND SOUTH PARCELS OF THE SITE.**

April 1, 1998

I HAVE REVIEWED BOTH THE SUBMISSIONS OF LIEUTENANT SAMUEL CICCONE AND CHARLES WHITNER HEREWITH ATTACHED. BOTH OPPOSE THE PLAN.

WITHIN MR. LAZARUS' LETTER (DIRECTOR OF ENGINEERING) TO THE POLICE DIRECTOR, HE STATED THAT POLICE AND FIRE EMERGENCY ACCESS TO THE PROPERTY WILL BE MAINTAINED. MR. LAZARUS ALSO STATED THAT GRAFTON AVE WOULD BE VACATED FROM THE RAILROAD TO THE ROUTE 21 SERVICE ROAD WHICH SHOULD LEAVE ACCESS TO SAFER TEXTILE FROM THE SERVICE ROAD.

MR. LAZARUS' LETTER DOES NOT INDICATE WHETHER TRAFFIC FROM ROUTE 21 WILL HAVE ACCESS TO THE HOUSING COMPLEX OR THAT ACCESS WILL BE ELIMINATED.

THIS VACATION WILL ALSO ELIMINATE ACCESS TO ROUTE 21 NORTH FROM GRAFTON AVENUE WHICH MEANS THAT ALTERNATE ACCESS TO ROUTE 21 WOULD BE NECESSARY FOR COMMUTERS WHO USUALLY TAKE THIS ROUTE.

POLICE DEPARTMENT ADMINISTRATIVE SUBMISSION NEWARK, N.J.

TO: DAVID DZIBELA, DEPUTY CHIEF
COMMANDING THE FIELD OPERATION BUREAU
FROM: NICHOLAS DELLA VALLE, CAPTAIN
COMMANDING THE NORTH DISTRICT STATION
SUBJECT: STREET VACATION-DIRECTOR'S MEMO. 97-736

DATE: MAY 28, 1998

FILE REF:

IT IS MY OPINION THAT AS LONG AS AN ACCESS ROUTE REMAINS OPEN FOR THE TEXTILE PLANT AND POLICE AND FIRE ACCESS REMAIN FROM BOTH ROUTE 21 AND BROADWAY, I HAVE NO OBJECTIONS TO THE PLAN. HOWEVER, I RECOMMEND THAT ALL THREE OPINIONS BE CONSIDERED BEFORE A FINAL DECISION IS MADE.

RESPECTFULLY SUBMITTED,

NICHOLAS DELLA VALLE
CAPTAIN OF POLICE
COMMANDING THE NORTH DISTRICT STATION

5. The tax abatement hereby granted shall be in effect for a period of not more than five (5) years commencing from the date of the issuance of a Certificate of Occupancy and expiring five (5) years thereafter, unless terminated sooner pursuant to the requirements of the Agreement. 11. "401 Jefferson Street - Premise is located in a Second Industrial Zone and is listed as a storage yard. There were no zoning approvals found permitting automotive or truck repairs. Such use would require a Conditional Use Approval from the Planning Board.

425 South Street - Premise is located in a First Industrial Zone. Due to a 1995 Zone change amendment, area was changed from Third Industrial. (2) **Capital investment.** Where a property is sold conditioned on its development, the minimum capital investment required shall represent the estimated amount of dollars necessary to construct an improvement of the magnitude proposed by the interested parties.

(3) **Deposit.** The successful bidder shall be required to deposit 10% of his or her bid with the City at the time of the auction. This deposit is non-refundable except where the City is not able to close or convey marketable title or, in the case of a sale with mortgage options, where the mortgage application of a pre-qualified bidder is rejected by the lending institution.

(4) **Time of closing.** Title is to close 45 days after acceptance of the bid by the Municipal Council. No postponement of closing is permitted unless:

The City's title is unmarketable in which event the City shall be allowed a reasonable time to perfect title and to close. Notice of any alleged defect in title shall be given in writing within 45 days after the acceptance of the bid by the Municipal Council.

A written request is made containing the reason therefore within 45 days after the acceptance of the bid by the Municipal Council and the Corporation Counsel grants a one-time extension of the period in which to close, reasonable as to time. No such extension shall be granted unless the successful bidder agrees to reimburse the City at the time of closing for all maintenance, utility and security costs incurred with regard to the property between the date which occurs 45 days after bid confirmation and the closing date. In addition, the risk of loss due to fire, vandalism, the elements or a catastrophe occurring during the period of extension shall fall on the successful bidder, who shall continue to be liable for payment of the balance due on the purchase price, oil in the tank and unpaid taxes, water and sewer charges from the date which occurs 45 days after the acceptance of the bid.

In addition, a successful bidder shall be required to deposit, at the time of closing, a sum equivalent to one-quarter of one year's taxes on the property, such sum to be held by the City in escrow for a period of 18 months and applied as liquidated damages if either of the two following conditions occur:

The non-payment of one quarter of one year's taxes.

The failure to rehabilitate the building to a level sufficient to meet the City's code requirements, where such condition is applicable.

(6) **Homestead property.** Where property is sold for homestead purposes, the successful bidder must reside on the premises for a minimum of five (5) consecutive years.

(7) **Tenants in arrears prohibited from bidding.** If a successful bidder is or has been a tenant of the City and is more than one (1) month in arrears for rent due or is indebted to the City as a result of prior tenancy, then he/she shall be disqualified as a successful bidder, and any deposit given by such unqualified bidder shall be forfeited to the City. In addition, the City may pursue all other legal remedies that it may have against the unqualified bidder.

(8) **Prior owner of property the successful bidder.** An owner of the property being sold at the time the City acquired title by tax foreclosure proceedings may not re-acquire the property directly or indirectly without paying the City, at the closing of title, the difference, if any, between the total amount of taxes, interest and penalties due at the time the judgement of foreclosure was entered and the amount of the successful bid.

(9) Private unimproved lands to be approved for development prior to acquiring city-owned vacant land. Any person, private developer or private entity which owns undeveloped and unimproved private real property within the City of Newark, shall be prohibited from acquiring, through private sale, designation or public bid, additional unimproved real estate from the City of Newark, until such time that site plans have been approved by the appropriate municipal agencies for the development of the pre-existing privately owned unimproved real property.

Re: Correction to FY 1998 HUD Consolidated Plan

Please be advised of a technical error in the calculation of the Community Development Block Grant budget in our FY 1998 HUD Consolidated Plan. An activity labeled "The Centre Day Care," which appears on page 2 of the informational summary that we attached to the Plan, should be budgeted at \$62,500. This allocation represents 90% of last year's budget, i.e., the same 10% reduction we are proposing for every activity as a result of the \$800,000 cut in our entitlement from HUD.

The source of additional funds for The Centre Day Care is our Health and Human Service Department's "City Culture" program, which we have reduced by \$34,150 (see page 2 of the summary). I have instructed my staff to search for other funding for this program.

Attached find an amended page 2 for insertion into the package that is under Council review. If you have any questions, please feel free to contact me at 733-3780.

RE: **AN ORDINANCE AMENDING AND SUPPLEMENTING ORDINANCE 6S&F-T 120886 ENTITLED "AN ORDINANCE TO AMEND AND SUPPLEMENT TITLE TWO, ADMINISTRATION OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966 AS AMENDED AND SUPPLEMENTED BY PROVIDING FOR THE CONDITIONS OF SALE WITH RESPECT TO THE SALE OF CITY-OWNED PROPERTY," BY ADDING THERETO PARAGRAPH (9) AS A FURTHER CONDITION OF SALE.**

Dear Mr. Marasco:

In accordance with the provisions of N.J.S.A. 40:69A-41, I am returning the above-referenced ordinance to you without my signature thereby exercising the veto provisions of this statute. The amendment to the above-referenced ordinance presents constitutional issues with respect to the property rights of individual property owners. Additionally, its application to private property owners creates unreasonable restrictions and creates a higher standard for that group. The statute which authorizes the municipal sale of property not needed for a public use specifically provides for restrictions and conditions to be on the property for sale, not privately owned properties. Therefore, it is my considered opinion that I am unable to sign the ordinance with these deficiencies.

Very truly yours,

SHARPE JAMES
Mayor

Enclosure
